Professional Work Experience

Booz Allen Hamilton

03/2020 – 03/2021

Background Investigation Case Manager

- Serve as a background investigator case manager within an internal team responsible for facilitating screening processes and ensuring proper case management within the background screening program for US-based candidates.
- Conduct evaluation and investigation on information presented by applicants as part of the new hire process via employment application, adjudication of investigative results in the furtherance of risk mitigation and team practices, and preparation and presentation of case materials to a formal review committee, as needed.
- Maintain responsibility for the review of investigative reports to ensure accuracy and make risk mitigation determinations on the material presented.

Metropolitan Police Department (DC)

09/2013 -7/2019

Crime Suppression Officer

- Conducted investigations for various offenses.
- Interviewed subjects, targets, and witnesses.
- Prepared and executed search and arrest warrants.
- Worked in undercover operations to gather intelligence and evidence using surveillance techniques.
- Social media investigations.
- Confidential informant cultivation and management.
- Assisted and conducted operations with the ATF and FBI.
- Gathering information and data analysis by using a wide variety of databases.
- Crime scene investigations.
- Lead a team of 18 officers for specific day to day missions.

US Marine Corps

07/2007 – 05/2012

Electronic Countermeasures / Training and Operations

- Inspected, tested, maintain, and repaired airborne replaceable weapon assemblies, shop replaceable assemblies, and ancillary equipment whose aggregate constitutes a complete aircraft electronic countermeasures system or subsystem.
- Supervised and handled highly confidential equipment.
- Supervised staff including assigning duties and evaluating performance.
- Planned, controlled, and executed mission operations.
- Supervised and evaluated the performance for over 1000 personnel.
- Instructed and coordinated training of all personnel.
- Established and monitored policies and standard for unit readiness.
- Coordinated training logistics, schedules, communication, and resources.
- Compiled data and reports summarizing training completed.
